[Lisa Loeb](#) is a GRAMMY™ Award-winning American singer-songwriter & touring musician, SiriusXM radio host, actor, entrepreneur, and philanthropist who started her career with the platinum-selling hit song "Stay (I Missed You)" from the film *Reality Bites*. A trailblazing independent artist, Lisa was the first pop musician to have a No. 1 single while not signed to a recording contract. She followed that remarkable feat with several hit singles and six albums, two of which were certified gold. The Dallas native recently released her 15th album, *A Simple Trick To Happiness*, to stellar reviews from critics and fans, and followed the release of this album with the debut of her new musical, *Together Apart*, which she co-wrote and co-produced with over 100 of her fellow Brown University alums to raise money for The Actors Fund. The musical received attention from prestigious outlets like *The New York Times*, *Vanity Fair*, *People*, and *Playbill*.

Lisa is also the host of her own weekday SiriusXM show, "Stay with Lisa Loeb," on '90s on 9, where she shares first-hand, behind-the-scenes accounts about the music and events of the 90s. During her popular featured segment, 'Where They Are Now,' Lisa interviews fellow hitmakers and industry icons who began their careers during that time, highlighting stories from over the years and current projects on which they're working. Recent interviews have included Hanson, The Goo Goo Dolls, and Ann Wilson. When she is not at home in Los Angeles with her husband, Roey, two children, Lyla and Emet, Lisa enjoys performing all over the world and entertaining audiences of all ages!
