With a voice pure and powerful, and an approachable, childhood friend-like persona, fans are no more won over by a sweet summer breeze than by country artist [Levi Riggs](#). It's that Midwest simplicity and relatability that stuns in an industry often filtered a million times over.

As he performed out more and more, Riggs found a champion in a fan - who connected him with several Nashville-based industry veterans. He began writing, recording, and releasing music, starting with his debut singles "My Best Friend's a Girl" and "I'm Good" - both of which laid the groundwork for Riggs at country radio. His song "Tailgate Time" furthered his vocational footprint, leading to opening spots for country greats Justin Moore, Brett Eldredge, the Band Perry, Josh Turner, Colt Ford, Travis Tritt, and Alabama (to name a few) after a performance at the American Tailgaters Association's Super Bowl party. And, in 2018, Riggs released his debut EP, "She's Everything."

Despite the difficulty 2020's global pandemic brought for the music industry at large, Riggs continued to power forward, taking the time off the road to release music while simultaneously exploring new ways to eclipse the sound heard on previous releases. He leaned into some of Nashville's top songwriting talent for new material in preparation for 2021. A moment of calm in a normally hectic lifestyle, the slow-down gave Riggs the opportunity to reassess his career - and take steps that were sonically refreshing while even more, at core, who Riggs truly is.
